4. search project and choose the version you want
note: if project does not show up for you follow these steps before moving on.

1. Clear the cache and cookies of the browser you are using.

2. Use InPrivate or Incognito browser.

3. Go to <https://signup.azure.com/studentverification?offerType=3>.

4. Enter your school email address and password then hit 'Next'.

5. Upon signing in, you may be asked to agree to the terms and conditions and the Academic/Student verification. If not, you should be routed to the Education | Overview page.

6. To see software available, please click 'Software tab', search for the software needed, click on 'View Key' to get the Product key, and 'Download' to download the software.

The screenshot shows the Microsoft Education | Software page. The breadcrumb is 'Home > Education'. The page title is 'Education | Software'. The left sidebar contains navigation options: Overview, Learning resources, Roles, Software (selected), Learning, GitHub, Need help?, and Support. The main content area shows a search for 'project' with filters for Product category (All), Operating System (All), System type (64 bit), and Product language (English, Multilanguage). Below the filters, there are 2 items listed in a table:

Name	Product category	Operating System	System type	Language
Project Professional 2021 - DVD	Productivity Tools	Windows	64 bit	English
Project Professional 2019	Productivity Tools	Windows	64 bit	English

5. Click “View Key”:

Project Professional 2021 - DVD
Deliver projects successfully by keeping your projects, resources, and teams organized and on track with Project Professional 2021. Easily plan projects, monitor status, and hover over team members names in a project plan to see availability with online presence for chats or calls via Microsoft Teams. Quickly sync Project schedules and plans with Project Online (as a part of Project Plan 3 or Project Plan 5) and Project Server Subscription Edition, Project Plan 3, Project Plan 5, Project Server Subscription Edition, and Teams are sold separately. Project Professional 2021 supports Long-Term Servicing Channel (LTSC).

6. Click the box to “Copy” the key
7. Click “Download”:

8. Once the download is complete, the documents folder will pop up, WAIT a few more seconds until a **SETUP** button appears – then click “Setup”.
9. Documents and files will complete their download – go into your start menu or windows icon, and search for Project.
10. Launch project and if asked to activate with serial number paste the code that you have copied from step 6.

Helpful resources: if the download still does not work for you, you can contact UITS: 479-575-2905

Or try other resources instead of downloading the program:

- Use citrix to virtually connect to lab on campus to use MS Project: https://www.youtube.com/channel/UCBdOwYDEvjxk7IT_gf5aCQg
- Use remote software to connect to a virtual lab to use the MS Project app: <https://its.uark.edu/services/network-devices/virtual-desktops/>
